Welcome to
Mostar

6 – 8 of November 2017

Bosnia and Herzegovina is the heart shaped land that lies in the heart of southeast Europe. It is here that eastern and western civilizations met, sometimes clashed, but more often enriched and reinforced each other throughout its long and fascinating history.

Bosnia and Herzegovina is a long name for a country that measures just over 50,000 sq km. Bosnia covers the north and centre of the country with its name probably derived from 'bosana', an old Indo-European word meaning water, which Bosnia has no short of. The southern region of ancient Hum, ruled by Herceg Stjepan (Duke Stjepan), was later named Herzegovina after the region was conquered by the invading Ottomans. Perhaps what is most important for the visitor to know today, though, is that Bosnia and Herzegovina is a **stunningly beautiful country** with a vast array of landscapes, cultures, traditions and people. And as the old cliché goes 'people make the place' – and BiH prides itself on its hospitality and treating our guests as if they were family members. And family we take to heart.

€ Money

Our currency is convertible mark (BAM). It is divided into 100 pfenigs or fenings, and locally abbreviated „KM“. **Most shops will not accept payment in Euro bills.** There are many ATM machines in Mostar. US dollars, British pounds, Yens and other major currencies can be exchanged at the banks and exchange offices that are present in city. Most banks do not have a fixed fee, but take a percentage of the total amount. As this percentage varies, you should do a bit of research before exchanging large amounts of money. Although credit cards are increasingly widely accepted in major towns, you should not rely on them. VISA and Master will be accepted in most places, but it no guarantee with American Express. Make sure you have all the cash you need before leaving the major towns, as it is next to impossible to find a money machine or anybody who accepts credit card payments in smaller towns and villages.
